RE: Ex parte notification-- MB Docket Nos. 15-216 and 16-42

Dear Ms. Dortch:

On June 27, 2016, the undersigned met with Commissioner Rosenworcel and her advisor Marc Paul. I reiterated CBS's long-held position that the retransmission consent regime is working and that the only action the Commission should take on the pending "totality of the circumstances" proceeding is to terminate it. I also noted our view that the HTML5-based "app" proposal recently submitted by MVPDs provides a constructive foundation for providing consumers with an alternative to leasing set-top boxes, subject to certain additional protections for programmers and the clarification of particular details.

Sincerely,
